If you find Technical Editor Ralph Naranjo's epoxy barrier coat project (page 27) inspiring, then you'll want to also read two related stories posted free online: "Hull Blisters: Know the Enemy" and "Do It Yourself Sailboat Blister Fix." To get the most out of the products in our test of vinyl window treatments (page 22), the online article, "Caring for Clear Plastics on Your Boat," offers some insight into the maintenance of hatches, portlights, and windows. These and more articles can be reached by clicking the "Tools and Techniques" button at *www.practical-sailor.com*.
