

RIB Details

1. Testers liked the ring-type oarlocks on the Caribe L10.
2. A bow view of the two Achilles, the HB315-LX (left) and the HB310 (right) reflects obvious differences.
3. Only the Mercury Dynamic 310 provided a pressure gauge with its pump.
4. The Brig's rugged bow handle simplified beaching.
5. The Avon's oarlocks rated low among the testers.
