

PS ONLINE

As *Practical Sailor* moves forward with improving our online services, we've been dredging through the archives for some timeless wisdom to share with the general public, as well as our loyal readers. You'll find these articles by clicking the "Tools and Techniques" section on the *www.practical-sailor.com* home page. This month, we've added Nick Nicholson's June 1, 2003 "Offshore Log," sharing his secrets to restoring and protecting gelcoat "Gelcoat Maintenance: In search of the eternal gloss..." and three articles related to hatch and port replacement. (See Mailport letter, page 5.)
